## About Us...

The House of Gutenberg specializes in the creation of unique farmable items for the gift shops of museums, religious book stores, presidential libraries, and other institutions or businesses that have a gift shop.

We have several hundred different 5" x 7" and 8" x 10" farmable displays. Some are available in limited quantities—Marked "LQ".

In addition to our own displays, we can create custom displays for you using either your elements or ours.

This brochure contains a sampling of a few of our popular items. If you send us your eMail address we will put you on our mailing list and send you a monthly newsletter that will include additional items.

You can order at any time by phone or eMail. Please include the information requested on the other side of this brochure.
